Dear Rev. Dr. Phillip Sang C. Rey,

Greetings in the name of our Lord.

I hope this message finds you well. I am writing to share a concern regarding many underprivileged children in Nepal who are facing daily hardship in their pursuit of education.

In several rural and low-income communities, many children come from very poor families and are unable to afford even basic school supplies. A common and concerning sight is children carrying their books in their hands or wrapped in cloth, as they do not have school bags. This not only makes it difficult for them to protect their books, especially during rain or long walks, but also affects their motivation and dignity as students.

We would like to take a small step to support these children by providing school bags. Each bag costs approximately \$5, which makes this initiative both practical and impactful. With even a modest amount of support, we can reach many children and help improve their daily school experience.

Our goal is not only to provide bags but also to encourage these children to continue their education with confidence and hope. This simple provision can make a meaningful difference in their lives.

We humbly request your prayerful consideration and support for this initiative. Any contribution or guidance from Go-Ahead Mission INC would be greatly appreciated.

Thank you for your continued leadership, compassion, and commitment to serving those in need.

With heartfelt gratitude,  
**In Christ's Service,**

**Pastor Thomas**
