GoAhead Mission Providing clean water 8-10 Dalit's family

Why we are helping Dalits in Nepal: Discrimination

Nepal retains its centuries-old caste system. Dalits, the discriminated people under this system, suffer from restriction on the use public amenities, deprivation of economic opportunities, and general neglect by the state and society.

Discrimination against Dalits

Dalits are discriminated against on the basis of caste and “untouchability.” They are not only discriminated by the so-called higher caste people in the Hindu system, but also by people within the same caste. Dalit women suffer much more than Dalit men.
